

### Features:

- Auto Level ranging
- Tests 1.7, 2.0, 2.3 and 2.6 kHz
- Available in Soft & Hard cases.

### Application

Metre to measure to the audio frequency used in track circuits. Supplied in a tough carry bag suitable for field and track side use. Complete with rechargeable batteries and multimeter test leads.

### Technical Data

Description	Unit	Value
Filter Frequencies	KHz	BB, 1.7, 2, 2.3 & 2.6
Auto Ranging	V	2, 20 & 200

Description	Unit	Value
Polycarbonate enclosure	mm	170 W x 135 H x 80 D
Inputs		4mm Sockets and BNC
Outputs		Loops input via 4mm sockets
Back Light for reading Display		Momentary action switch
Battery Test		Display Battery Voltage
Rechargeable batteries		Charger supplied

### Part Number

The part number is XP3507 1000
